SUBJECT: SI and H Experimentation, 10 February 1953

On Tuesday, 10 February 1953, [redacted] and the writer conducted H experimentation and tests with [redacted] and [redacted] was schedule to appear, but was unable to attend because of illness.

A

Since this was [redacted] second effort, she was tested and retested on simple induction methods and, in general, it may be said she responded very rapidly--improving each time. [redacted] who has done considerable work previously, acted as observer most of the time, but was given a ~~PH~~ number of induction tests and carried them out exactly.
